Mr. James R. Evans, Jr.

Dear Mr. Evans:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 576061.

The Cameron Appraisal District (the "district"), which you represent, received a request for all appraisal district records pertaining to two named individuals and a specified address. You state you will provide some information to the requestor. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.130 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 22.27 of the Tax Code, which provides, in pertinent part:

- (a) Rendition statements, real and personal property reports, attachments to those statements and reports, and other information the owner of property provides to the appraisal office in connection with the appraisal of the property, including income and expense information related to a property filed with an appraisal office and information voluntarily disclosed to an appraisal office or the comptroller about real or personal property sales prices after a promise it will be held confidential, are confidential and not open to public inspection. The statements and reports and the information they contain about specific real or personal property or a specific real or personal property owner and information voluntarily disclosed to an appraisal office about real or personal property sales prices after a promise it will be held

confidential may not be disclosed to anyone other than an employee of the appraisal office who appraises property except as authorized by Subsection (b) of this section.

Tax Code § 22.27(a). You state the submitted information was furnished to the district by the owners of the property at issue in connection with the appraisal of the property. You indicate the submitted information might not have been obtained under a promise of confidentiality. You argue, however, the language of section 22.27(a) is written such that the requirement of a promise of confidentiality applies only to information voluntarily disclosed about sales prices. Therefore, you argue, although the submitted information may not have been disclosed under a promise of confidentiality, the information is nonetheless confidential under section 22.27(a) because it is information submitted by the property owners in connection with the appraisal of property and does not consist of voluntarily disclosed sales price information. After considering your arguments and reviewing the statutory language, we agree the promise of confidentiality requirement in section 22.27(a) pertains only to voluntarily disclosed sales price information. Accordingly, based on your arguments and our review of the submitted information, we find the submitted information is confidential under section 22.27(a) of the Tax Code and must be withheld under section 552.101 of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
