Ms. Sarah Parker

Texas Department of Transportation

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 583744.

The Texas Department of Transportation (the "department") received a request for information pertaining to specified interviews of the requestor for three specified job positions. You state the department will release some of the requested information. You claim the remaining requested information is excepted from disclosure under section 552.122 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.122(b) of the Government Code excepts from public disclosure "[a] test item developed by a . . . governmental body[.]" Gov't Code § 552.122(b). In Open Records Decision No. 626 (1994), this office determined the term "test item" in section 552.122 includes "any standard means by which an individual's or group's knowledge or ability in a particular area is evaluated," but does not encompass evaluations of an employee's overall job performance or suitability. *Id.* at 6. The question of whether specific information falls within the scope of section 552.122(b) must be determined on a case-by-case basis. *Id.* Traditionally, this office has applied section 552.122 where release of "test items" might compromise the effectiveness of future examinations. *Id.* at 4-5; *see also* Open Records Decision No. 118 (1976). Section 552.122 also protects the answers to test questions when

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

the answers might reveal the questions themselves. *See* Attorney General Opinion JM-640 at 3 (1987); ORD 626 at 8.

You seek to withhold the submitted questions under section 552.122 of the Government Code. You state the information at issue consists of test items that are used to evaluate an applicant's knowledge in a particular area. You also state the questions will be re-used in future interviews. Based on your representations and our review, we agree the submitted questions are "test items" under section 552.122(b) of the Government Code. Furthermore, we find release of the applicant's answers to these questions would reveal the questions themselves. Accordingly, the department may withhold the interview questions and applicant's answers under section 552.122(b) of the Government Code. However, we find you have failed to demonstrate how the remaining information constitutes test items under section 552.122(b). Thus, the department may not withhold the remaining information under section 552.122(b) of the Government Code. As you raise no further arguments against disclosure, the remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
