Counsel for the Town of Addison

OR2015-20149

Dear Ms. Rovira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 580739.

The Town of Addison (the "town"), which you represent, received a request for the monthly water and sewer bills of multiple specified entities during a specified time period. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential. Section 182.052 of the Utilities Code provides, in relevant part, the following:

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). "Personal information" under section 182.052(a) means an individual's address, but does not include the individual's name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). We note because section 182.052 is intended to protect the safety and privacy of individual customers, this statute is applicable only to information pertaining to natural persons, and does not protect information relating to business, governmental, and other artificial entities. *See* ORD 625 at 4-5 (in context of section 182.051(4) of the Utility Code, "individual" means only natural persons and does not include artificial entities). Water service is included in the scope of utility services covered by section 182.052. *See* Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You state the submitted information relates to customers who have requested their accounts be kept confidential. In this instance, however, the customers listed in the submitted information are business or other artificial entities, not natural persons. Therefore, none of the submitted information is confidential under section 182.052, and the town may not withhold any portion of the submitted information under section 552.101 in conjunction with section 182.052 of the Utilities Code.

Section 552.136(b) of the Government Code provides, "[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential."² Gov't Code § 552.136(b); *see id.* § 552.136(a) (defining "access device"). Upon review, we find the town must withhold the account numbers we have marked under section 552.136 of the Government Code.

²The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

In summary, the town must withhold the account numbers we have marked under section 552.136 of the Government Code. The town must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
