Dear Ms. Dang:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 581266.

The City of Sugar Land (the "city") received a request for information pertaining to a specified restaurant during a specified period of time.¹ You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as section 81.046 of the Health and Safety Code, which provides in part:

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

Health & Safety Code § 81.046(a), (b). In Open Records Decision No. 577 (1990), this office concluded that any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception set out in the statute applies. *See id.* § 81.046(b)-(d), (f); ORD 577. You state the submitted information was acquired or created during an investigation conducted by the city's Health and Human Services Department pursuant to the provisions of chapter 81. Based on your representations and our review, we agree section 81.046 governs the release of this information. It does not appear that any of the release provisions of section 81.046 are applicable in this instance. Accordingly, we determine the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 81.046 of the Health and Safety Code.
