Public Officer
Fort Worth Independent School District

OR2015-21493

Dear Ms. Talley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 583210.

The Fort Worth Independent School District (the "district") received a request for five categories of information relating to request for proposals number 12-055. The district states it is making some of the requested information available to the requestor. Although the district takes no position as to whether the submitted information is excepted under the Act, it states release of the submitted information may implicate the proprietary interests of Perdue Brandon Fielder Collins & Mott, LLP; Linebarger, Goggan, Blair & Sampson, LLP; and Woods, Bracket, Parmer & Burns. Accordingly, the district states, and provides documentation showing, it notified the third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from any of the third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude any of the third parties has a protected proprietary

interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case information is trade secret), 542 at 3. Accordingly, the district may not withhold the submitted information on the basis of any proprietary interest the third parties may have in the information.

We note the remaining information contains information subject to section 552.136 of the Government Code, which provides, “[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.”¹ Gov’t Code § 552.136(b); *see id.* § 552.136(a) (defining “access device”). This office has determined insurance policy numbers are access device numbers for purposes of section 552.136. Upon review, we find the district must withhold the insurance policy numbers in the submitted information under section 552.136 of the Government Code.

In summary, the district must withhold the insurance policy numbers in the submitted information under section 552.136 of the Government Code. The district must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

David L. Wheelus
