ATTORNEY GENERAL OF TEXAS

Ms. Melanie Barton  
Assistant District Attorney  
Dallas County District Attorney's Office  
411 Elm Street, Fifth Floor  
Dallas, Texas 75202

OR2016-02853

Dear Ms. Barton:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 597190.

The Dallas County Health and Human Services Department (the "department") received two requests from the same requestor for specified information pertaining to an investigation of Legionella. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Initially, we note the department has redacted portions of the submitted information. You do not assert, nor does our review of the records indicate, you have been authorized to withhold this information without seeking a ruling from this office. *See* Gov't Code § 552.301(a); Open Records Decision No. 673 (2001). Therefore, information must be submitted in a manner that enables this office to determine whether the information comes within the scope of an exception to disclosure. In this instance, we can discern the nature of

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

the redacted information; thus, being deprived of this information does not inhibit our ability to make a ruling. In the future, however, the department should refrain from redacting any information that it is not authorized to withhold in seeking an open records ruling. Failure to do so may result in the presumption the redacted information is public. *See* Gov't Code § 552.302.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as section 81.046 of the Health and Safety Code, which provides, in part:

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

Health & Safety Code § 81.046(a), (b). In Open Records Decision No. 577 (1990), this office concluded that any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception set out in the statute applies. *See id.* § 81.046(b)-(d), (f); ORD 577. You state the submitted information was acquired by or created by the department during an investigation conducted by the department pursuant to the provisions of chapter 81. Based on your representations and our review, we agree section 81.046 governs the release of this information. It does not appear that any of the release provisions of section 81.046 are applicable in this instance. Accordingly, we determine the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 81.046 of the Health and Safety Code.<sup>2</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

---

<sup>2</sup>As our ruling is dispositive, we need not address your remaining argument against disclosure of this information.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
