Ms. Claudene Marshall  
Assistant General Counsel  
The Texas A&M University System

Dear Ms. Marshall:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 598010 (TAMU ID# 15-987).

Texas A&M University (the "university") received a request for all records related to a specified dog during a specified time period. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code.<sup>1</sup> We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>2</sup>

Initially, you claim some of the information at issue was the subject of a previous request for information, as a result of which this office issued Open Records Letter No. 2015-12015 (2015). In that ruling, we determined the university must withhold the information at issue under section 552.101 of the Government Code in conjunction with section 51.914(a)(1) of

---

<sup>1</sup>Although you also raise section 552.101 of the Government Code in conjunction with section 51.914 of the Education Code, you provide no arguments to support this argument. Therefore, we assume you no longer assert this argument. *See* Gov't Code §§ 552.301, .302.

<sup>2</sup>We assume the "representative samples" of records submitted to this office are truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

the Education Code. We have no indication there has been any change in the law, facts, or circumstances on which the previous ruling was based. Accordingly, to the extent the information at issue is identical to the information previously requested and ruled upon by this office, we conclude the university must rely on Open Records Letter No. 2015-12015 as a previous determination and withhold the identical information in accordance with that ruling. *See* Open Records Decision No. 673 (2001) (so long as law, facts, and circumstances on which prior ruling was based have not changed, first type of previous determination exists where requested information is precisely same information as was addressed in prior attorney general ruling, ruling is addressed to same governmental body, and ruling concludes that information is or is not excepted from disclosure). To the extent the submitted information was not responsive to the prior request, we will consider your argument against its disclosure.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 encompasses information protected by other statutes, such as section 801.353 of the Occupations Code. This section provides in part the following:

(a) A veterinarian may not violate the confidential relationship between the veterinarian and the veterinarian’s client.

(b) A veterinarian may not be required to release information concerning the veterinarian’s care of an animal, except on the veterinarian’s receipt of:

(1) a written authorization or other form of waiver executed by the client; or

(2) an appropriate court order or subpoena.

Occ. Code § 801.353(a), (b). Section 801.353 limits a veterinarian’s release of information concerning the veterinarian’s care of an animal to certain circumstances. *See id.* You state the submitted information consists of veterinary records that relate to “standard and incidental health care” of animals owned by the university by veterinarians of the university. We understand the university does not consent to the release of this information. *See id.* § 801.351(a)(1) (defining “client” as “owner or other caretaker of the animal”). We also understand the requestor has not produced an appropriate court order or subpoena to release the information at issue. Based on your arguments and our review, we conclude this information consists of veterinary records that are subject to chapter 801 of the Occupations Code. Accordingly, the university may only release the submitted information in accordance with section 801.353 of the Occupations Code.

In summary, to the extent the information at issue is identical to the information previously requested and ruled upon by this office, we conclude the university must rely on

Open Records Letter No. 2015-12015 as a previous determination and withhold the identical information in accordance with that ruling. To the extent the submitted information was not subject to the previous ruling, the university may only release the submitted information in accordance with section 801.353 of the Occupations Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
