ATTORNEY GENERAL OF TEXAS

March 9, 2016

Mr. Mike Harper
Professional Standards Administrator
Killeen Independent School District
P.O. Box 967
Killeen, Texas 76540-0967

OR2016-05478

Dear Mr. Harper:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 606497.

The Killeen Independent School District (the "district") received a request for the video recording of a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the United States Department of Education Family Policy Compliance Office has informed this office the Family Educational Rights and Privacy Act ("FERPA"), section 1232g of title 20 of the United States Code, does not permit state and local educational authorities to disclose to this office, without parental or an adult student's consent, unredacted, personally identifiable information contained in education records for the purpose of our review in the open records ruling process under the Act.¹ Consequently, state and local educational authorities that receive a request for education records from a member of the public under the Act must not submit education records to this office in unredacted form, that is, in a form in which "personally identifiable information" is disclosed. *See* 34 C.F.R. § 99.3 (defining "personally identifiable information"). You have

submitted unredacted education records for our review. Because our office is prohibited from reviewing these education records to determine whether appropriate redactions under FERPA have been made, we will not address the applicability of FERPA to the submitted records. *See* 20 U.S.C. § 1232g(a)(1)(A). Such determinations under FERPA must be made by the educational authority in possession of the education records. However, we will consider your argument against disclosure of the submitted information.

Section 552.101 of the Government Code exempts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This exception encompasses information other statutes make confidential. You claim section 552.101 in conjunction with section 418.182 of the Government Code, which was added to chapter 418 of the Government Code as part of the Texas Homeland Security Act. Section 418.182 provides in part:

(a) Except as provided by Subsections (b) and (c), information, including access codes and passwords, in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

(b) Financial information in the possession of a governmental entity that relates to the expenditure of funds by a governmental entity for a security system is public information that is not excepted from required disclosure under Chapter 552.

Id. § 418.182(a), (b). The fact information may generally be related to a security system does not make the information *per se* confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.182 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You argue the submitted information is confidential under section 418.182. You explain the information at issue consists of video surveillance recordings that are generated from security surveillance cameras located in the public areas of a school campus building. You explain the recordings at issue reveal the location of a security system used to protect public property from acts of terrorism or related criminal activity. You argue release of the information would impact campus security because it would reveal specific information about the use of security cameras at a district campus, including the location and coverage of security cameras. Based on your representations and our review of the information at issue, we

conclude the district has demonstrated the information at issue falls within the scope of section 418.182(a). Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code. *See generally Tex. Dep't of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (case construing section 418.182 of the HSA, which ruled recorded images necessarily relate to specifications of security system that recorded them).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
