Mr. Mark E. Dempsey

City of Garland

OR2016-07932

Dear Mr. Dempsey:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 611927 (ORR No. GCA16-0147).

The Garland Police Department (the "department") received a request for information pertaining to a specified incident. You state the department has released some of the requested information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 applies only to a written report of an accident required under section 550.061, 550.062, or 601.004. Transp. Code § 550.065(a)(1). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator's accident report), .062 (officer's accident report). An accident report is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. *Id.* § 550.065(b). However, a governmental entity may release an accident report in accordance with subsections (c) and (c-1). *Id.* § 550.065(c), (c-1).

Section 550.065(c) provides a governmental entity shall release an accident report to a person or entity listed under this subsection. *Id.* § 550.065(c).

In this instance, the requestor is not a person listed under section 550.065(c). Thus, the submitted accident report is confidential under section 550.065(b), and the department must withhold it under section 552.101 of the Government Code. However, section 550.065(c-1) requires the department to create a redacted accident report that may be requested by any person. *Id.* § 550.065(c-1). The redacted accident report may not include the information listed in subsection (f)(2). *Id.* Therefore, the requestor has a right of access to the redacted accident report. Thus, the department must release the redacted accident report to the requestor pursuant to section 550.065(c-1).

Section 552.101 of the Government Code also encompasses section 773.091 of the Health and Safety Code. Section 773.091 of the Health and Safety Code is applicable to records of the provision of emergency medical services and provides, in part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

(c) Any person who receives information from confidential communications or records as described by this chapter, other than a person listed in Section 773.092 who is acting on the survivor's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was obtained.

Health & Safety Code § 773.091(b)-(c). Upon review, we agree the information you have indicated consists of records made and maintained by emergency medical services personnel. However, we note the information at issue reveals the individual concerned was deceased when emergency medical services personnel arrived. The term "patient" is not defined for the purposes of section 773.091 of the Health and Safety Code. When a word used in a statute is not defined and that word is "connected with and used with reference to a particular trade or subject matter or is used as a word of art, the word shall have the meaning given by experts in the particular trade, subject matter, or art." Gov't Code § 312.002; *see also Liberty Mut. Ins. Co. v. Garrison Contractors, Inc.*, 966 S.W.2d 482, 485 (Tex. 1998). Taber's Cyclopedic Medical Dictionary defines "patient" as "one who is sick with, or being treated for, an illness or injury; [or] . . . an individual receiving medical care." Taber's Cyclopedic Medical Dictionary 1446 (17th ed. 1989). We also note other statutes dealing with medically-related professions generally define "patient" as an individual who consults a health care professional. *See* Health & Safety Code § 611.001 (mental health records), Occ. Code §§ 159.001 (physician records), 201.401 (chiropractic records), 202.401 (podiatric

records), 258.101 (dental records). Thus, because the generally accepted medical definition of patient indicates the term refers to a living individual, we find the term does not encompass information that concerns a deceased individual. Accordingly, we conclude section 773.091 of the Health and Safety Code is not applicable to the information you have indicated and the department may not withhold this information under section 552.101 on that basis.

In summary, the department must withhold the submitted accident report under section 552.101 of the Government Code in conjunction with section 550.065(b) of the Transportation Code; however, the department must release the redacted accident report pursuant to section 550.065(c-1) of the Transportation Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
