Dear Mr. Moore:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 614211 (TAMU W000585-032416).

Texas A&M University (the "university") received a request for information pertaining to a specified bidding process, including bids submitted by third parties. Although you take no position as to whether the submitted information is excepted under the Act, you state release of some of this information may implicate the proprietary interests of The Bright Agency ("Bright"). Accordingly, you state, and provide documentation showing, you notified Bright of the request for information and of its right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d) (permitting interested third party to submit to attorney general reasons why requested information should not be released); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

Initially, we note the university only submitted a bid proposal pertaining to the specified bidding proposal. We assume, to the extent any other information responsive to the request existed on the date the university received the request, the university has released it. If the university has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.006, .301, .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from Bright explaining why its information should not be released. Therefore, we have no basis to conclude Bright has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold any of the information at issue on the basis of any proprietary interest Bright may have in it. Therefore, as no exceptions to disclosure have been raised, the submitted information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Katelyn Blackburn-Rader  
Assistant Attorney General
