OR2016-14564

Dear Mr. MacFarlane:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 621766.

The Cedar Hill Fire Department (the "department"), which you represent, received a request for information pertaining to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. You raise section 552.101 in conjunction with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") for portions of the submitted information. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* HIPAA, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health information,

excepted as provided by parts 160 and 164 of the Code of Federal Regulations. *Id.* § 164.502(a).

This office has addressed the interplay of the Privacy Rule and the Act. Open Records Decision No. 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. *See* 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” *See* ORD 681 at 8; *see also* Gov’t Code §§ 552.002, .003, .021. We therefore held the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. *See Abbott v Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; *see also* Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make confidential information that is subject to disclosure under the Act, the department may not withhold any portion of the submitted information under section 552.101 in conjunction with HIPAA.

Section 552.101 of the Government Code also encompasses section 773.091 of the Health and Safety Code, which provides in relevant part:

(a) A communication between certified emergency medical services personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). Except for the information specified in section 773.091(g), emergency medical services (“EMS”) records are deemed confidential

under section 773.091. *See id.* Upon review, we find the submitted information constitutes records of the identity, evaluation, or treatment of a patient by EMS personnel. Accordingly, with the exception of information subject to section 773.091(g), the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
