Ms. Cynthia Tynan
Attorney & Public Information Coordinator
Office of General Counsel
The University of Texas System

OR2016-23698

Dear Ms. Tynan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 631279 (OGC Nos. 171277 and 171947).

The University of Texas Health Science Center at Houston (the "university") received two requests for bid results and contract award information pertaining to seven specified solicitations. You state you will release some information. You claim portions of the submitted information are excepted from disclosure under section 552.139 of the Government Code. You also state you notified Care.com, Inc. ("Care") and AT&T of the requests for information and of their rights to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Care. We have considered the submitted arguments and reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice to submit its reasons, if any, as to why information relating to that party should not be released. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this ruling, we have not received comments from AT&T. Thus, we have no basis to conclude AT&T has a protected proprietary interest in the submitted information. *See id.*

§ 552.110(a)-(b); Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold any of the submitted information on the basis of any proprietary interest AT&T may have in the information.

Next, we note the submitted information includes a contract for the purchase of services from a private vendor that is subject to the posting requirements in section 2261.253 of the Government Code. Section 2261.253(a) provides, in relevant part, as follows:

(a) For each contract for the purchase of goods or services from a private vendor, each state agency shall post on its Internet website:

(1) each contract the agency enters into, including contracts entered into without inviting, advertising for, or otherwise requiring competitive bidding before selection of the contractor, until the contract expires or is completed[.]

Gov't Code § 2261.253(a)(1). The contract at issue, valued at more than \$15,000, is between the university, which is a state agency, and a private vendor for the purchase of services, and the contract is not expired or completed. *See id.* §§ 2261.002(2) ("state agency" has meaning assigned by Gov't Code § 2151.002), 2151.002(3) ("state agency" includes university system or institution of higher education as defined by Educ. Code § 61.003). Accordingly, the contract at issue is required to be posted on the university's internet website. Although you seek to withhold portions of the information at issue under section 552.139 of the Government Code and Care seeks to withhold portions of the submitted information under sections 552.104 and 552.139 of the Government Code, the exceptions to disclosure found in the Act do not generally apply to information that other statutes make public. *See* Open Records Decision Nos. 623 at 3 (1994), 525 at 3 (1989). Accordingly, the university must release the contract at issue in its entirety. As no further exceptions to disclosure have been raised, the university must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <http://www.texasattorneygeneral.gov/open/>
