Ms. Claudene Marshall
Assistant General Counsel
The Texas A&M University System
301 Tarrow Street, Sixth Floor
College Station, Texas 77840-7896

OR2016-25333

Dear Ms. Marshall:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 634099 (TAMU Reference No. W001481-082516).

Texas A&M University (the "university") received a request for "daily care logs of felines and canines housed at all [university] system schools and research labs" for a specified time period. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by other statutes, such as section 801.353 of the Occupations Code. This section provides in part the following:

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) A veterinarian may not violate the confidential relationship between the veterinarian and the veterinarian's client.

(b) A veterinarian may not be required to release information concerning the veterinarian's care of an animal, except on the veterinarian's receipt of:

(1) a written authorization or other form of waiver executed by the client; or

(2) an appropriate court order or subpoena.

Occ. Code § 801.353(a), (b). Section 801.353 limits a veterinarian's release of information concerning the veterinarian's care of an animal to certain circumstances. *See id.* You state the submitted information relates to "standard and incidental health care of animals owned by the university by veterinarians of the university's College of Veterinary Medicine and Biomedical Sciences." We understand the university does not consent to the release of this information. *See id.* § 801.351(a)(1) (defining "client" as "owner or other caretaker of the animal"). We also understand the requestor has not produced an appropriate court order or subpoena to release the information at issue. Based on your arguments and our review, we conclude this information consists of veterinary records that are subject to chapter 801 of the Occupations Code. Accordingly, the university may only release the submitted information in accordance with section 801.353 of the Occupations Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Cristian Rosas-Grillet
Assistant Attorney General
