

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

Ms. Cynthia Tynan
Senior Attorney & Public Information Coordinator
The University of Texas
201 West 7th Street, Suite 600
Austin, Texas 78701-2901

OR2017-00815

Dear Ms. Tynan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 641579 (OGC# 172492).

The University of Texas at El Paso (the "university") received a request for scoring information pertaining to a specified request for proposals, information showing "why the winning bidder was chosen," and the winning bidder's contract.¹ You state you will release some information. You claim some of the submitted information is excepted from disclosure under section 552.139 of the Government Code. You also state release of the submitted information may implicate the proprietary interests of CollegeNET, Inc. ("CollegeNET") and Hobsons, Inc. ("Hobsons"). Accordingly, you state, and provide documentation showing, you notified CollegeNET and Hobsons of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information and considered the submitted arguments.

¹You state the university sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

Initially, we note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from CollegeNET or Hobsons explaining why the submitted information should not be released. Therefore, we have no basis to conclude CollegeNET or Hobsons has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold the submitted information on the basis of any proprietary interest CollegeNET or Hobsons may have in the information.

Next, we note the submitted information includes a contract for the purchase of services from a private vendor that is subject to the posting requirements in section 2261.253 of the Government Code. Section 2261.253(a) provides, in relevant part, as follows:

(a) For each contract for the purchase of goods or services from a private vendor, each state agency shall post on its Internet website:

(1) each contract the agency enters into, including contracts entered into without inviting, advertising for, or otherwise requiring competitive bidding before selection of the contractor, until the contract expires or is completed[.]

Gov't Code § 2261.253(a)(1). The contract at issue, valued at more than \$15,000, is between the university, which is a state agency, and a private vendor for the purchase of services, and the contract is not expired or completed. *See id.* §§ 2261.002(2) ("state agency" has meaning assigned by Gov't Code § 2151.002), 2151.002(3) ("state agency" includes university system or institution of higher education as defined by Educ. Code § 61.003). Accordingly, the contract at issue is required to be posted on the university's internet website. Although you seek to withhold portions of the information at issue under section 552.139 of the Government Code, the exceptions to disclosure found in the Act do not generally apply to information that other statutes make public. *See* Open Records Decision Nos. 623 at 3 (1994), 525 at 3 (1989). Accordingly, the university must release the contract at issue in its entirety.

Section 552.139 of the Government Code provides, in part:

(a) Information is excepted from [required public disclosure] if it is information that relates to computer network security, to restricted

information under Section 2059.055 [of the Government Code], or to the design, operation, or defense of a computer network.

(b) The following information is confidential:

- (1) a computer network vulnerability report; [and]
- (2) any other assessment of the extent to which data processing operations, a computer, a computer program, network, system, or system interface, or software of a governmental body or of a contractor of a governmental body is vulnerable to unauthorized access or harm, including an assessment of the extent to which the governmental body's or contractor's electronically stored information containing sensitive or critical information is vulnerable to alteration, damage, erasure, or inappropriate use[.]

Gov't Code § 552.139(a), (b)(1)–(2). Section 2059.055 of the Government Code provides in part:

(b) Network security information is confidential under this section if the information is:

- (1) related to passwords, personal identification numbers, access codes, encryption, or other components of the security system of a state agency;
- (2) collected, assembled, or maintained by or for a governmental entity to prevent, detect, or investigate criminal activity; or
- (3) related to an assessment, made by or for a governmental entity or maintained by a governmental entity, of the vulnerability of a network to criminal activity.

Id. § 2059.055(b). You assert portions of the submitted information provide detailed information regarding the winning proposal's network vulnerabilities and capabilities that are now or will be in place. Further, you state this information pertains to network security and, if released, would make certain university data vulnerable to unauthorized access. Based on your representations and our review of the information, we conclude, with the exception of the information contained in the submitted contract, the university must withhold the information you have marked under section 552.139 of the Government Code.

We note portions of the remaining information may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A

governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; see Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the university must release the submitted contract in accordance with section 2261.253 of the Government Code. With the exception of the information contained in the submitted contract, the university must withhold the information you have marked under section 552.139 of the Government Code. The university must release the remaining information; however, any information subject to copyright may be released only in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
