Dear Ms. Willis:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 641464.

The Leander Police Department (the "department") received a request for information pertaining to police report number 2016454153. You state the department has released some of the requested information. You claim some of the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the submitted information includes police officers' body worn camera recordings. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

(1) the date and approximate time of the recording;

- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recordings at issue were not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.130 of the Government Code exempts from disclosure information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See* Gov’t Code § 552.130. Accordingly, the department must withhold the motor vehicle record information we have marked within Exhibit C under section 552.130 of the Government Code. You assert, and we agree, the responsive video recordings submitted as Exhibit B contain confidential motor vehicle record information that is excepted from disclosure under section 552.130. In this instance, you state the department does not possess the technological capability to redact information from video files. Thus, we agree the department must withhold the entireties of the responsive video recordings under section 552.130 of the Government Code. *See* Open Records Decision No. 364 (1983).

In summary, the submitted body worn camera recordings were not properly requested pursuant to chapter 1701 of the Occupations Code and they need not be released. The department must withhold the motor vehicle record information we marked within Exhibit C under section 552.130 of the Government Code. The department must withhold the entireties of the responsive video recordings in Exhibit B under section 552.130 of the Government Code. The department must release the remaining responsive information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
