Dear Ms. Velasquez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 644564 (City No. 16-107).

The City of Watauga (the "city"), which you represent, received a request for a list of all residential properties where water service was disconnected during a specified time period. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, including the Utilities Code. Section 182.052 of the Utilities Code provides, in relevant part, the following:

- (a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or

amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). “Personal information” under section 182.052(a) includes an individual’s address, but does not include an individual’s name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). The scope of utility services covered by section 182.052 includes water. Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You indicate the submitted information consists of the personal information of residential utility customers who timely requested confidentiality under section 182.052. You do not indicate any of the exceptions to confidentiality under section 182.054 apply in this instance. We understand the primary source of water for the city’s utility services is not a sole-source designated aquifer. Based on your representations and our review, we find the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 182.052 of the Utilities Code.
