Dear Ms. Saenz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 646313.

The City of Austin Employees Retirement System (the "system"), which you represent, received a request for information pertaining to nine different agenda items for a specified meeting. You claim the submitted information is excepted from disclosure under section 552.143 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have only submitted information pertaining to two of the specified agenda items. We assume, to the extent any remaining requested information existed on the date the system received the request, the system has released it. If the system has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.006, .301, .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Next, we note some of the responsive information may be subject to section 552.0225 of the Government Code. Section 552.0225(b) provides as follows:

The following categories of information held by a governmental body relating to its investments are public information and not excepted from disclosure under [the Act]:

- (1) the name of any fund or investment entity the governmental body is or has invested in;
- (2) the date that a fund or investment entity described by Subdivision (1) was established;
- (3) each date the governmental body invested in a fund or investment entity described by Subdivision (1);
- (4) the amount of money, expressed in dollars, the governmental body has committed to a fund or investment entity;
- (5) the amount of money, expressed in dollars, the governmental body is investing or has invested in any fund or investment entity;
- (6) the total amount of money, expressed in dollars, the governmental body received from any fund or investment entity in connection with an investment;
- (7) the internal rate of return or other standard used by a governmental body in connection with each fund or investment entity it is or has invested in and the date on which the return or other standard was calculated;
- (8) the remaining value of any fund or investment entity the governmental body is or has invested in;
- (9) the total amount of fees, including expenses, charges, and other compensation, assessed against the governmental body by, or paid by the governmental body to, any fund or investment entity or principal of any fund or investment entity in which the governmental body is or has invested;
- (10) the names of the principals responsible for managing any fund or investment entity in which the governmental body is or has invested;

(11) each recusal filed by a member of the governing board in connection with a deliberation or action of the governmental body relating to an investment;

(12) a description of all of the types of businesses a governmental body is or has invested in through a fund or investment entity;

(13) the minutes and audio or video recordings of each open portion of a meeting of the governmental body at which an item described by this subsection was discussed;

(14) the governmental body's percentage ownership interest in a fund or investment entity the governmental body is or has invested in;

(15) any annual ethics disclosure report submitted to the governmental body by a fund or investment entity the governmental body is or has invested in; and

(16) the cash-on-cash return realized by the governmental body for a fund or investment entity the governmental body is or has invested in.

Gov't Code § 552.0225(b). You argue the responsive information is excepted from disclosure under section 552.143 of the Government Code. However, the exceptions to disclosure found in the Act, such as section 552.143, do not apply to information made public by section 552.0225. *See* Open Records Decision Nos. 623 at 3 (1994), 525 at 3 (1989). Therefore, the system must release the types of information enumerated in section 552.0225(b) of the Government Code.

Section 552.143 of the Government Code provides, in relevant part, the following:

(b) Unless the information has been publicly released, pre-investment and post-investment diligence information, including reviews and analyses, prepared for or maintained by a governmental body or a private investment fund is confidential and excepted from the requirements of Section 552.021, except to the extent it is subject to disclosure under Subsection (c).

(c) All information regarding a governmental body's direct purchase, holding, or disposal of restricted securities that is not listed in Section 552.0225(b)(2)-(9), (11), (13)-(16) is confidential and excepted from the requirements of Section 552.021. This subsection does not apply to a governmental body's purchase, holding, or disposal of, restricted securities for the purpose of reinvestment nor does it apply to a private investment fund's investment in restricted securities.

Gov't Code § 552.143(b)-(c). You state the responsive information has not been publicly released and consists of post-investment diligence information prepared for or maintained by the system. You inform us this information is not subject to section 552.143(c) of the Government Code. Based on your representations and our review, we find, with the exception of information the system must release pursuant to section 552.0225(b) of the Government Code, the system must withhold the responsive information under section 552.143(b) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
