OR2017-04112

Dear Ms. Gambini:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 646951.

The City of Irving (the "city") received a request for animal services records for a specified address. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 826.0211 of the Health and Safety Code, which provides, in part:

(a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). Section 826.0211 applies only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. You state some of the submitted information consists of a record from the city's pet database. You further state the information in this record was compiled from a rabies vaccination certificate. Accordingly, we find the city must withhold the information that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information, which we have marked, under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. However, we find the city has failed to demonstrate the dates it has marked identify an owner or an address, telephone number, or other personally identifying information. Accordingly, the city may not withhold these dates under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code.

Section 552.101 of the Government Code also encompasses information made confidential by other statutes, such as section 826.0311 of the Health and Safety Code, which states, in relevant part:

(a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.

(b) The information may be disclosed only to a governmental entity or a person that, under a contract with a governmental entity, provides animal control services or animal registration services for the governmental entity for purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information under Chapter 552, Government Code, and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

*Id.* § 826.0311(a), (b). Section 826.0311 applies only to the actual pet registry; it does not apply to the contents of other records, even though those documents may contain the same information as the pet registry. *See* Open Records Decision No. 658 at 4 (1998) (statutory confidentiality provision must be express, and confidentiality requirement will not be implied from statutory structure). We note the remaining information you have marked consists of dates. Upon review, we find you have failed to establish the information at issue is contained

in a municipal or county registry of dogs and cats and identifies or tends to identify the owner of a registered dog or cat. Therefore, the city may not withhold any of the remaining information under section 552.101 in conjunction with section 826.0311(a) of the Health and Safety Code.

In summary, the city must withhold the information that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information, which we have marked, under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. The city must release the remaining information.
