Mr. L. Brian Narvaez
Counsel for the City of McKinney
Brown & Hofmeister, L.L.P.
740 East Campbell Road, Suite 800

OR2017-06397

Dear Mr. Narvaez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 650755 (P002547-010317 & P002553-010317).

The City of McKinney (the "city"), which you represent, received two requests for information pertaining to a specified incident. You state the city has released some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information that other statutes make confidential. You raise section 552.101 in conjunction with section 831.13 of title 49 of the Code of Federal Regulations, which applies to the release of information concerning accident investigations by the National Transportation Safety Board (the "NTSB"). 49 C.F.R. § 831.13; *see also* 49 U.S.C. § 1101 *et seq.*; *see also* 49 U.S.C. § 1113(f) (providing NTSB "may prescribe regulations to carry out [chapter 11 of title 49 of the United States Code]"). This office has determined a federal regulation enacted pursuant to statutory authority can provide statutory confidentiality for purposes of section 552.101. *See* Open Records Decision No. 599 at 4 (1992). Section 831.13(b) reads as follows:

All information concerning the accident or incident obtained by any person or organization participating in the investigation shall be passed to the [investigator-in-charge] through appropriate channels before being provided to any individual outside the investigation. Parties to the investigation may relay to their respective organizations information necessary for purposes of prevention or remedial action. However, no information concerning the accident or incident may be released to any person not a party representative to the investigation (including non-party representative employees of the party organization) before initial release by the Safety Board without prior consultation and approval of the [investigator-in-charge].

49 C.F.R. § 831.13(b). You state the submitted information consists of records involved in an ongoing investigation by the NTSB. You also assert the city is a participant and party to the NTSB investigation. We understand you have not received approval from the NTSB investigator-in-charge to release the submitted information or that the submitted information has been released by the NTSB. Thus, we conclude, unless the city receives consent to release the information at issue from the NTSB investigator-in-charge, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 1113(f) of title 49 of the United States Code and section 831.13(b) of title 49 of the Code of Federal Regulations.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
