Mr. Jonathan T. Koury
Assistant City Attorney
City of Bryan
P.O. Box 1000

OR2017-06516

Dear Mr. Koury:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 651191.

The Bryan Police Department (the "department") received a request for the body-worn camera video relating to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by other statutes. We note the submitted information consists of a recording from a department officer's body worn camera. Body worn cameras are subject to chapter 1701 of the Occupations Code. Section 1701.661(a) of the Occupations Code provides:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

(1) the date and approximate time of the recording;

- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). We note the requestor provided the information required by section 1701.661(a) of the Occupations Code for release of the body worn camera recording at issue. The submitted recording reflects it was required to be made by law or the policies of the department and relates to a law enforcement purpose. *See* Occ. Code § 1701.661(h). Further, although you state “the incident that is the subject of this video did not result in any criminal prosecution [and thus] constitutes non-evidentiary video[,]” you have failed to demonstrate it could not be used as evidence in a criminal prosecution. *See id.* § 1701.661(d) (stating information “that is or could be used as evidence in a criminal prosecution is subject to the requirements of [the Act.]”). Additionally, we have no indication the recording documents an incident that involves the use of deadly force by an officer or relates to an administrative or criminal investigation of an officer. *See id.* § 1701.660(a). The submitted recording demonstrates it was not made in a private space for the purposes of section 1701.661(f). *See id.* §§ 1701.661(f), .651(3) (defining “private space” for purposes of section 1701.661(f)). We note, however, section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion . . . of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

Id. § 1701.661(f). Upon review, we are unable to determine whether the submitted recording involves an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest. Therefore, we must rule conditionally. If the submitted recording involves an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest, we note there is no indication the department has received written authorizations for release from all of the subjects of the recording. Accordingly, in this instance, the submitted recording is confidential and must be withheld under section 552.101 in conjunction with section 1701.661(f). However, if the submitted recording does not involve an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest, no portion of the recording is confidential under section 1701.661(f) and it may not be withheld under section 552.101 on that basis. In that instance, we will address the applicability of section 552.130 of the Government Code.¹

¹This office will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. Gov't Code § 552.130. We note, however, because section 552.130 is designed to protect the privacy of individuals, the requestor has a right of access to his client's motor vehicle record information pursuant to section 552.023 of the Government Code. *See id.* § 552.023(a) (governmental body may not deny access to person to whom information relates or person's agent on ground that information is considered confidential by privacy principles); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individuals request information concerning themselves). Accordingly, the department must withhold the visible driver's license and the visible license plates not belonging to the requestor's client under section 552.130 of the Government Code.

In summary, if the submitted recording involves an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest, the department must withhold the submitted recording under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. If the submitted recording does not involve an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest, the department must withhold the visible driver's license and visible license plates in the submitted video recording under section 552.130 of the Government Code and release the remaining information.
