

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 4, 2017

Ms. Jo Ann Pate
Assistant City Attorney
City of Fort Worth
200 Texas Street, Third Floor
Fort Worth, Texas 76102

OR2017-07016

Dear Ms. Pate:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 656556 (PIR No. W059410).

The City of Fort Worth (the "city") received a request for information pertaining to utilities at a specified location. You state the city released the majority of the responsive information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may relate to a governmental body's security concerns or emergency management activities does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body

of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information consists of maps and plans for a water pump station. You assert the submitted information displays vulnerabilities of the water pump station and the city's water system, including points of structural weakness. You assert, and we agree the city's water system is critical infrastructure. *See id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You explain the submitted information contains details of the construction plans, electricity distribution, major utility lines, and other vital components of the water pump station. You argue if the city's water system is compromised, it would hinder the city's ability to provide emergency response and public health services to the city's residents. Based on your representations and our review, we agree the submitted information identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Therefore, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
