Mr. Sam Elsass
Legal Assistant
Texas Department of Public Safety
P.O. Box 4087

Dear Mr. Elsass:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 653976 (ORR# 17-1005).

The Texas Department of Public Safety (the "department") received a request for the bid tabulation related to posting number 405-17-B002633. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. Additionally, you state release of the submitted information may implicate the proprietary interests of Green Star Environmental and Braun Intertec. Accordingly, you state, and provide documentation showing, you notified the third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information and the submitted argument.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The department represents the information at issue pertains to a competitive bidding situation. In addition, the department states release

of the information would cause harm because a contract has not yet been executed for the project at issue. After review of the information at issue and consideration of the arguments, we find the department has established the release of the information would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Claire V. Morris Sloan
