Dear Ms. Pemberton:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 654802 (Killeen ID# W021359).

The City of Killeen (the "city") received a request for construction plans, maps, topographical information, and aerial photography pertaining to the water, sewer, and draining infrastructure for a specified property.¹ Although you take no position as to whether the submitted information is excepted under the Act, you state release of some of this information may implicate the proprietary interests of Mitchell & Associates and Turley & Associates.² Accordingly, you state you notified these third parties of the request for

¹We note the city sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding when governmental entity, acting in good faith, requests clarification of unclear or overbroad request for public information, ten-business-day period to request attorney general opinion is measured from date request is clarified or narrowed).

²Pursuant to section 552.303(c) of the Government Code, this office sent correspondence to the city on April 4, 2017 requesting you provide additional information necessary for this office to render a decision. *See* Gov't Code § 552.303(c)-(d) (if attorney general determines information in addition to that required by section 552.301 is necessary to render decision, written notice of that fact shall be given to governmental body and requestor, and governmental body shall submit necessary additional information to attorney general not later than seventh calendar day after date of receipt of notice). Because the city did not respond to our request for additional information, we find the city failed to comply with section 552.303(d). Nevertheless, because the interest of a third party can provide a compelling reason to overcome the presumption of openness, we will consider third party interests for the submitted information. *See id.* §§ 552.007, .302, .352.

information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from the third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude the third parties have protected proprietary interests in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the city may not withhold the submitted information on the basis of any proprietary interest the third parties may have in the information. As no exceptions to disclosure have been raised, the city must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
