Ms. Michele Freeland
Legal Assistant
Office of General Counsel
Texas Department of Public Safety
P.O. Box 4087

OR2017-09150

Dear Ms. Freeland:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 655145 (DPS PIR # 17-0962 and 17-1049).

The Texas Department of Public Safety (the "department") received two requests for the bid tabulation for bid number 405-17-B002498. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. The submitted documentation reflects the department also notified two third parties, Galls and Miller Uniforms, of the requests for information and of their right to submit arguments stating why their information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); Open Records Decision No. 542 (1990) (determining statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in certain circumstances). We have considered the exception you claim and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831, 841 (Tex. 2015). You assert release of the information at

issue would “harm [the department’s] purchasing interests and weaken [the department’s] bargaining position as it deliberates options and negotiates best value now and in the future” because it would allow competing vendors to know the prices offered, which you contend “could artificially inflate prices and prevent the [d]epartment from getting best value[.]” After review of the information at issue and consideration of the arguments, we find department has established the release of the information at issue would give an advantage to a competitor or bidder. Thus, we conclude department may withhold the submitted information under section 552.104(a).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
