Dear Ms. Russell:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 655532.

The Euless Police Department (the "department"), which you represent, received a request for records, photographs, and video recordings pertaining to a specified investigation. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 261.201(a) of the Family Code, which provides:

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) Except as provided by Section 261.203, the following information is confidential, is not subject to public release under [the Act] and may be disclosed only for purposes consistent with this code and applicable federal or state law or under rules adopted by an investigating agency:

(1) a report of alleged or suspected abuse or neglect made under this chapter and the identity of the person making the report; and

(2) except as otherwise provided in this section, the files, reports, records, communications, audiotapes, videotapes, and working papers used or developed in an investigation under this chapter or in providing services as a result of an investigation.

Fam. Code § 261.201(a). You state the submitted information was used or developed by the department in an investigation of alleged or suspected child abuse. *See id.* §§ 101.003(a) (defining “child” for purposes of section 261.201 as person under 18 years of age who is not and has not been married or who has not had the disabilities of minority removed for general purposes), 261.001(1) (defining “abuse” for purposes of chapter 261 of the Family Code). Therefore, we determine the information at issue is generally confidential pursuant to section 261.201 of the Family Code. However, section 261.201(a) provides information encompassed by that section may be disclosed “for purposes consistent with [the Family Code] and applicable federal or state law[.]” *Id.* § 261.201(a). Section 264.509(b) of the Family Code constitutes applicable state law for purposes of section 261.201(a); thus, we address it.

The requestor states she is requesting the submitted report on behalf of the Tarrant County Child Fatality Review Team. Subchapter F of chapter 264 of the Family Code relates to child fatality review and investigation. *See id.* §§ 264.501 *et seq.* The purpose and duties of a child fatality review team include “decreas[ing] the incidence of preventable child deaths by . . . developing an understanding of the causes and incidence of child deaths in the county or counties in which the review team is located[.]” *Id.* § 264.506(a)(3). A child fatality review team is required to “meet on a regular basis to review child fatality cases and recommend methods to improve coordination of services and investigations between agencies that are represented on the team[.]” *Id.* § 264.506(b)(2). Furthermore, section 264.508 provides “[t]he review team of the county in which the injury, illness, or event that was the cause of the death of the child occurred, as stated on the child’s death certificate, shall review the death.” *Id.* § 264.508(a). Section 264.509 provides in relevant part:

(a) A review team may request information and records regarding a deceased child as necessary to carry out the review team’s purpose and duties. Records and information that may be requested under this section include:

- (1) medical, dental, and mental health care information; and
- (2) information and records maintained by any state or local government agency, including:
  - (A) a birth certificate;
  - (B) law enforcement investigative data;
  - (C) medical examiner investigative data;
  - (D) juvenile court records;
  - (E) parole and probation information and records; and
  - (F) child protective services information and records.

(b) On request of the presiding officer of a review team, the custodian of the relevant information and records relating to a deceased child shall provide those records to the review team at no cost to the review team.

*Id.* § 264.509(a), (b). The submitted information consists of law enforcement investigative data relating to an investigation of the death of a child. Section 264.509(a) provides that a child fatality review team shall have access to law enforcement investigative data as necessary to conduct its duties. Section 264.509(b) states that, upon request of the presiding officer of the review team, the custodian of the “relevant information and records” shall provide the records to the review team. You state the requestor has not confirmed she is the presiding officer of the child fatality review team; thus, we rule conditionally. To the extent the requestor is the presiding officer of the child fatality review team, she has a right of access to the submitted information under section 264.509(b) of the Family Code. In that instance, we find the release of the submitted information is consistent with the Family Code for the purposes of section 261.201(a) and the department must release the submitted information to this requestor pursuant to section 264.509(b) of the Family Code. *See id.* § 261.201(a). However, to the extent the requestor is not the presiding officer of the child fatality review team, she does not have a right of access under section 264.509(b) and the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 261.201(a) of the Family Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
