Assistant City Attorney
City of Houston
P. O. Box 368

OR2017-11571

Dear Ms. Kanu:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 659448 (GC# 24158).

The City of Houston (the "city") received a request for a specified engineering report as well as all inspection reports from a specified time period pertaining to a specified building. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.103 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the submitted information is subject to section 552.022 of the Government Code. Section 552.022(a) provides, in relevant part:

(a) [T]he following categories of information are public information and not excepted from required disclosure unless made confidential under this chapter or other law:

(1) a completed report, audit, evaluation, or investigation made of, for, or by a governmental body, except as provided by Section 552.108[.]

Gov't Code § 552.022(a)(1). The information consists of a completed report that is subject to section 552.022(a)(1). The city must release the information pursuant to section 552.022(a)(1) unless it is excepted from disclosure under section 552.108 of the Government Code or expressly made confidential under the Act or other law. *See id.* Although the city raises section 552.103 of the Government Code for the information at issue, this section is a discretionary exception to disclosure and does not make information confidential under the Act. *See Dallas Area Rapid Transit v. Dallas Morning News*, 4 S.W.3d 469, 475-76 (Tex. App.—Dallas 1999, no pet.) (governmental body may waive Gov't Code § 552.103); Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 663 at 5 (1999) (waiver of discretionary exceptions). Therefore, none of the submitted information may be withheld under section 552.103 of the Government Code. However, as section 552.101 of the Government Code makes information confidential, we will consider the city's arguments under section 552.101 for the information at issue.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses information protected by other statutes. As part of the Texas Homeland Security Act, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. You assert the submitted information is made confidential by section 418.181 of the Government Code. Section 418.181 provides,

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the Texas Homeland Security Act. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the Texas Homeland Security Act must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information contains technical details of a city building. You contend, and we agree, the building at issue is part of the city's critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001(2) (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the

security, governance, public health and safety, economy, or morale of the state or the nation”). Further, we find some of the submitted information, which we marked, identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Accordingly, the city must withhold the information we marked under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code. However, we find you have not demonstrated any of the remaining information identifies particular vulnerabilities to an act of terrorism. Thus, the remaining information is not confidential under section 418.181 and it may not be withheld on that basis. As no further exceptions to disclosure have been raised, the city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
