ATTORNEY GENERAL OF TEXAS

Lieutenant Ricardo Gonzalez
Laredo Police Department

Laredo, Texas 78041

OR2017-12183

Dear Lt. Gonzalez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 660368 (Ref. No. W007244).

The Laredo Police Department (the "department") received a request for information pertaining to a specified case number. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses the doctrine of common-law privacy, which protects information that is (1) highly intimate or embarrassing, the publication of which would be highly objectionable to a reasonable person, and (2) not of legitimate concern to the public. *Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To demonstrate the applicability of common-law privacy, both prongs of this test must be satisfied. *Id.* at 681-82. Types of information considered intimate and embarrassing by the Texas Supreme Court are delineated in *Industrial Foundation*. *Id.* at 683. Additionally, this office has concluded some kinds of medical information are generally highly intimate or embarrassing. *See* Open Records Decision No. 455 (1987). Generally, only highly intimate information that implicates the privacy of an individual is withheld. However, in certain instances, where it is demonstrated that the requestor knows the identity of the individual involved, as well as the nature of certain incidents, the information must be withheld in its entirety to protect the individual's privacy.

In this instance, the department seeks to withhold the entirety of the submitted information under section 552.101 in conjunction with common-law privacy. However, the department has not demonstrated, nor does it otherwise appear, this is a situation in which the entirety of the information at issue must be withheld on the basis of common-law privacy. Accordingly, the department may not withhold the entirety of the submitted information under section 552.101 of the Government Code on that basis. However, upon review, we find some of the submitted information satisfies the standard articulated by the Texas Supreme Court in *Industrial Foundation*. Thus, the department must withhold the information we have marked under section 552.101 of the Government Code in conjunction with common-law privacy. However, the department has failed to demonstrate any of the remaining information is subject to common-law privacy, and it may not be withheld under section 552.101 on that basis. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839.
