

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

June 7, 2017

Mr. Paul D'Aloisio
Senior Assistant General Counsel
Dallas Area Rapid Transit
P. O. Box 660163
Dallas, Texas 75266-0163

OR2017-12471

Dear Mr. D'Aloisio:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 660962 (DART ORR W001531-031617).

Dallas Area Rapid Transit ("DART") received a request for information pertaining to a specified incident. You state DART released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. In addition, a federal regulation enacted pursuant to statutory authority can provide statutory confidentiality for purposes of section 552.101 of the Act. *See* Open Records Decision No. 599 at 4 (1992). You raise section 552.101 in conjunction with section 40.321 of title 49 of the Code of Federal Regulations, which relates to the confidentiality of workplace drug and alcohol testing information of employers participating in the United States Department of Transportation drug or alcohol testing process. *See* 49 C.F.R. pt. 40 (procedures for transportation workplace drug and alcohol testing programs). Section 322 of title 49 of the United States Code authorizes the Secretary of Transportation (the "secretary") to prescribe regulations necessary to carry out the duties and powers of the secretary. *See* 49 U.S.C. § 322. Section 40.321 of title 49 of the Code of Federal Regulations provides:

Except as otherwise provided in this subpart, as a service agent or employer participating in the DOT drug or alcohol testing process, you are prohibited from releasing individual test results or medical information about an employee to third parties without the employee's specific written consent.

(a) A "third party" is any person or organization to whom other subparts of this regulation do not explicitly authorize or require the transmission of information in the course of the drug or alcohol testing process.

(b) "Specific written consent" means a statement signed by the employee that he or she agrees to the release of a particular piece of information to a particular, explicitly identified, person or organization at a particular time. "Blanket releases," in which an employee agrees to a release of a category of information (e.g., all test results) or to release information to a category of parties (e.g., other employers who are members of a C/TPA, companies to which the employee may apply for employment), are prohibited under this part.

49 C.F.R. § 40.321. You state the submitted information contains the drug and alcohol test results of a DART employee that are confidential under section 40.321. You further state the information is maintained by DART pursuant to section 40.321 of title 49 of the Code of Federal Regulations. You do not indicate that any written consent has been given with respect to disclosure of the information in question. *See id.* § 40.321(b). Based upon your representations and our review, we conclude DART must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 322 of title 49 of the United States Code and section 40.321 of title 49 of the Code of Federal Regulations.

Section 552.101 of the Government Code also encompasses information protected by section 773.091 of the Health and Safety Code, which provides in part:

(a) A communication between certified emergency medical services [(“EMS”)] personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). Upon review, we find the remaining information at issue does not consist of communications between certified emergency medical services personnel providing medical supervision and patients that were made in the course of providing emergency medical services to the patients. *See id.* § 773.091(a). Furthermore, the information at issue does not consist of records of the identity, evaluation, or treatment of patients by emergency medical services personnel providing medical supervision that were created by the emergency medical services personnel or maintained by an emergency medical services provider. *See id.* § 773.091(b). Accordingly, we find section 773.091 does not apply to any portion of the remaining information, and DART may not withhold the remaining information under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code also encompasses the doctrine of common-law privacy, which protects information that is (1) highly intimate or embarrassing, the publication of which would be highly objectionable to a reasonable person and (2) not of legitimate concern to the public. *Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To demonstrate the applicability of common-law privacy, both prongs of this test must be satisfied. *Id.* at 681-82. Types of information considered intimate and embarrassing by the Texas Supreme Court are delineated in *Industrial Foundation*. *Id.* at 683. Additionally, this office has concluded some kinds of medical information are generally highly intimate or embarrassing. *See* Open Records Decision No. 455 (1987). The court of appeals has concluded public citizens' dates of birth are protected by common-law privacy pursuant to section 552.101. *See Paxton v. City of Dallas*, No. 03-13-00546-CV, 2015 WL 3394061, at *3 (Tex. App.—Austin May 22, 2015, pet. denied) (mem. op.). Thus, DART must withhold all public citizens' dates of birth in the submitted information under section 552.101 of the Government Code in conjunction with common-law privacy. However, we find DART has failed to demonstrate any portion of the remaining information is highly intimate or embarrassing and not of legitimate public interest. Accordingly, DART may not withhold the remaining information under section 552.101 of the Government Code in conjunction with common-law privacy.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is exempted from public release.¹ *See* Gov't Code § 552.130. Accordingly, DART must

¹The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

withhold the motor vehicle record information in the remaining information under section 552.130 of the Government Code.

In summary, DART must withhold the drug and alcohol test results we have marked under section 552.101 of the Government Code in conjunction with section 322 of title 49 of the United States Code and section 40.321 of title 49 of the Code of Federal Regulations. DART must withhold all public citizens' dates of birth in the submitted information under section 552.101 of the Government Code in conjunction with common-law privacy and the motor vehicle record information in the remaining information under section 552.130 of the Government Code. DART must release the remaining information.

Finally, although you ask this office to issue a previous determination permitting DART to withhold public citizens' dates of birth under section 552.101 of the Government Code in conjunction with common-law privacy without requesting a decision from this office, we note in Open Records Letter No. 2016-08689 (2016) this office already issued a previous determination to DART authorizing it to withhold public citizens' dates of birth under section 552.101 of the Government Code in conjunction with common-law privacy without requesting a decision from this office. *See id.* § 552.301(a) (allowing governmental body to withhold information subject to previous determination); Open Records Decision No. 673 (listing elements of second type of previous determination under section 552.301 (a) of the Government Code).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Paige Lay
Assistant Attorney General
Open Records Division
