ATTORNEY GENERAL OF TEXAS

June 20, 2017

Ms. D. Kaylyn Betts
Assistant General Counsel
Texas Department of Public Safety
P.O. Box 4087
Austin, Texas 78773-0001

OR2017-13669

Dear Ms. Betts:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 664907 (PIR# 17-2683).

The Texas Department of Public Safety (the "department") received three requests from the same requestor for information regarding an accident involving the requestor's client. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have only submitted information responsive to the portion of the requests seeking video recordings related to the specified accident. To the extent any additional information responsive to this request existed and was maintained by the department on the date the department received the request, we assume the department has released it. If the department has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses sections 418.176 and 418.182 of the

Government Code, which were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act (“HSA”). Section 418.182(a) of the Government Code provides in relevant part, “information . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.” *Id.* § 418.182(a). The fact that information may be related to a governmental body’s security system does not make the information *per se* confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.182 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You explain the submitted video recordings were recorded by the security system at the Texas State Capitol grounds (the “capitol”). You inform us the security system at issue is used to protect the capitol from terrorism or related criminal activity. Further, you explain specifications of a security system include the capabilities of a system’s cameras, and release of the submitted video recordings would demonstrate the capabilities of the security system at the capitol. Additionally, you state release of the submitted video recordings would reveal the number and location of the security cameras in specified areas. Upon review, we find the submitted video recordings relate to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep’t of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 of the HSA video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras’ capabilities and video recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Accordingly, the department must withhold the submitted video recordings under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
