Ms. Sarah Parker
Associate General Counsel
Texas Department of Transportation
125 East 11th Street

OR2017-13916

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 663451.

The Texas Department of Transportation (the "department") received a request for all responses, including pricing information, for a specified bid. Although the department takes no position as to whether the submitted information is excepted under the Act, the department states release of the submitted information may implicate the proprietary interests of third parties. The department states, and provides documentation showing, it notified Ames Engineering, Inc., Dynatest North America, Inc., and Fugro Roadware, Inc. of the request for information and of their rights to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this ruling, we have not received comments from any third party explaining why the submitted information should not be released. Therefore, we have no basis to conclude any third party has a protected proprietary interest in the submitted information. *See id.* § 552.110(a)-(b); Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the department may

not withhold the submitted information on the basis of any proprietary interest any third party may have in the information.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See* Gov't Code § 552.130. Accordingly, the department must withhold the motor vehicle record information we have marked under section 552.130 of the Government Code.

We note some of the materials at issue may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see also* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the department must withhold the motor vehicle record information we have marked under section 552.130 of the Government Code. The department must release the remaining information; however, any information subject to copyright may be released only in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

April Liwanag
