ATTORNEY GENERAL OF TEXAS

June 29, 2017

Ms. Dawn Roberts  
Assistant City Attorney  
Arlington Police Department  
P.O. Box 1065  
Arlington, Texas 76004-1065

OR2017-14556

Dear Ms. Roberts:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 664332 (Reference No. 35864).

The Arlington Police Department (the "department") received a request for information pertaining to specified officers dismissed for falsifying traffic stop data and specified procedures pertaining to staffing at stadiums.<sup>1</sup> You state the department is releasing some information to the requestor. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure "[a]n internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution . . . if . . . release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1). Section 552.108(b)(1) is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *City of Fort Worth v. Cornyn*, 86 S.W.3d 320, 327 (Tex. App.—Austin 2002, no pet.). To prevail on its claim that section 552.108(b)(1) excepts information

---

<sup>1</sup>You state the department sought and received a clarification of the information requested. See Gov't Code § 552.222 (providing that if request for information is unclear, governmental body may ask requestor to clarify request); see also Open Records Decision No. 31 (1974) (when presented with broad requests for information rather than for specific records, governmental body may advise requestor of types of information available so that request may be properly narrowed).

from disclosure, a governmental body must do more than merely make a conclusory assertion that releasing the information would interfere with law enforcement. Instead, the governmental body must meet its burden of explaining how and why release of the requested information would interfere with law enforcement and crime prevention. *See* Open Records Decision No. 562 at 10 (1990) (construing statutory predecessor). This office has concluded that section 552.108(b) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (1989) (release of detailed use of force guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 of the Government Code is designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted).

We note the submitted information reveals procedures used in staffing stadiums inside the city. You state release of the information at issue would undermine the department's ability to detect and investigate crime. Based on your representations and our review, we agree the release of the submitted information would interfere with law enforcement. Accordingly, the department may withhold the submitted information under section 552.108(b)(1) of the Government Code.<sup>2</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. <sup>2</sup>As our ruling is dispositive, we need not address your remaining argument against disclosure of the submitted information.
