Dear Mr. Lopez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 666660.

The North East Independent School District (the "district"), which you represent, received a request for the requestor's employment file, including information related to a specified investigation. You state you have released some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.116 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the United States Department of Education Family Policy Compliance Office has informed this office the Family Educational Rights and Privacy Act ("FERPA"), section 1232g of title 20 of the United States Code, does not permit state and local educational authorities to disclose to this office, without parental or an adult student's consent, unredacted, personally identifiable information contained in education records for the purpose of our review in the open records ruling process under the Act.¹ Consequently, state and local educational authorities that receive a request for education records from a member of the public under the Act must not submit education records to this office in

unredacted form, that is, in a form in which “personally identifiable information” is disclosed. *See* 34 C.F.R. § 99.3 (defining “personally identifiable information”). You have submitted unredacted education records for our review. Because our office is prohibited from reviewing education records, we will not address the applicability of FERPA to any of the submitted information. Such determinations under FERPA must be made by the educational authority in possession of such records. We will, however, consider the applicability of the claimed exception to the submitted information.

Section 552.116 of the Government Code provides,

(a) An audit working paper of an audit of the state auditor or the auditor of a state agency, an institution of higher education as defined by Section 61.003, Education Code, a county, a municipality, a school district, a hospital district, or a joint board operating under Section 22.074, Transportation Code, including any audit relating to the criminal history background check of a public school employee, is excepted from [required public disclosure]. If information in an audit working paper is also maintained in another record, that other record is not excepted from [public disclosure] by this section.

(b) In this section:

(1) “Audit” means an audit authorized or required by a statute of this state or the United States, the charter or an ordinance of a municipality, an order of the commissioners court of a county, the bylaws adopted by or other action of the governing board of a hospital district, a resolution or other action of a board of trustees of a school district, including an audit by the district relating to the criminal history background check of a public school employee, or a resolution or other action of a joint board described by Subsection (a) and includes an investigation.

(2) “Audit working paper” includes all information, documentary or otherwise, prepared or maintained in conducting an audit or preparing an audit report, including:

(A) intra-agency and interagency communications; and

(B) drafts of the audit report or portions of those drafts.

Gov’t Code § 552.116. You state the submitted information consists of audit working papers prepared or maintained in the course of an investigation authorized by district policies adopted by the district’s school board. Based on your representations and our review, we

agree the submitted information constitutes audit working papers. Therefore, the district may withhold the submitted information under section 552.116 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
