Mr. Zachary Brown

City of Austin

Dear Mr. Brown:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 676500 (PIR# 35448).

The City of Austin (the "city") received a request for information pertaining to a specified complaint. You state you have released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by the common-law informer's privilege, which has long been recognized by Texas courts. *See Aguilar v. State*, 444 S.W.2d 935, 937 (Tex. Crim. App. 1969); *Hawthorne v. State*, 10 S.W.2d 724, 725 (Tex. Crim. App. 1928). The informer's privilege protects from disclosure the identities of persons who report activities over which the governmental body has criminal or quasi-criminal law enforcement authority, provided the subject of the information does not already know the

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

informer's identity. Open Records Decision Nos. 515 at 3 (1988), 208 at 1-2 (1978). The informer's privilege protects the identities of individuals who report violations of statutes to the police or similar law enforcement agencies, as well as those who report violations of statutes with civil or criminal penalties to "administrative officials having a duty of inspection or of law enforcement within their particular spheres." Open Records Decision No. 279 at 2 (1981). The report must be of a violation of a criminal or civil statute. See Open Records Decision Nos. 582 at 2 (1990), 515 at 4-5.

You state the information you have marked reveals the identity of a complainant who reported possible violations of section 25-2-893 of the Austin City Code. You explain violation of section 25-2-893 misdemeanor punishable by fine. There is no indication the subject of the complaint knows the identity of the complainant. Thus, we agree the city may withhold the information you have marked under section 552.101 in conjunction with the common-law informer's privilege.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
