

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

August 9, 2017

Ms. Melanie Rodney
Assistant County Attorney
Harris County
2525 Holly Hall, Suite 190
Houston, Texas 77054

OR2017-18035

Dear Ms. Rodney:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 670140 (CA File No. 17HSP0451).

The Harris County Hospital District d/b/a Harris Health System (the "system") received a request for specified information related to a named individual. You state you have released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. We understand you to raise section 552.101 of the Government Code in conjunction with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") for the requested information. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* HIPAA, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a

covered entity may not use or disclose protected health information, excepted as provided by parts 160 and 164 of the Code of Federal Regulations. 45 C.F.R. § 164.502(a).

This office addressed the interplay of the Privacy Rule and the Act in Open Records Decision No. 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. *See* 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” *See* ORD 681 at 8; *see also* Gov’t Code §§ 552.002, .003, .021. We therefore held the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. *See Abbott v Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9 (2004); *see also* Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make confidential information that is subject to disclosure under the Act, the system may not withhold any portion of the submitted information on that basis.

Section 552.101 of the Government Code also encompasses section 181.006 of the Health and Safety Code. Section 181.006 provides

[F]or a covered entity that is a governmental unit, an individual’s protected health information:

- (1) includes any information that reflects that an individual received health care from the covered entity; and
- (2) is not public information and is not subject to disclosure under [the Act].

Health & Safety Code § 181.006. Section 181.001(b)(2) defines “[c]overed entity,” in part, as:

[A]ny person who:

- (A) for commercial, financial, or professional gain, monetary fees, or dues, or on a cooperative, nonprofit, or pro bono basis, engages, in whole or in part, and with real or constructive knowledge, in the practice of assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information. The term includes a business associate, health care payer, governmental unit, information or computer management entity, school,

health researcher, health care facility, clinic, health care provider, or person who maintains an Internet site[.]

Id. § 181.001(b)(2). We understand the system operates hospitals that maintain health information for the individuals it serves, including information showing individuals received medical care from the system. You assert the information collected, used, and stored by the system consists of protected health information. Thus, you claim the system is a covered entity for the purposes of section 181.006 of the Health and Safety Code.

In order to determine whether the system is a covered entity for the purposes of section 181.006 of the Health and Safety Code, we must address whether the system engages in the practice of collecting, analyzing, using, evaluating, storing or transmitting protected health information. Section 181.001 states, “[u]nless otherwise defined in this chapter, each term that is used in this chapter has the meaning assigned by the [HIPAA].” *Id.* § 181.001(a). Accordingly, as chapter 181 does not define “protected health information,” we turn to HIPAA’s definition of the term. HIPAA defines “protected health information” as individually identifiable health information that is transmitted or maintained in electronic media or any other form or medium. *See* 45 C.F.R. § 160.103. HIPAA defines “individually identifiable health information” as information that is a subset of health information, including demographic information collected from an individual, and:

(1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and

(2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and

(I) That identifies the individual; or

(ii) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

Id. Further, “health care” is defined as “care, services, or supplies related to the health of an individual.” *Id.* The information at issue consists of the system’s records that contain individually identifiable health information for purposes of section 160.103 of title 45 of the Code of Federal Regulations. Thus, the records at issue contain protected health information for purposes of section 181.006 of the Health and Safety Code. Therefore, with respect to this information, the system is a health care entity that is in the practice of collecting, using, and storing protected health information and, consequently, is a covered entity for purposes of section 181.006 of the Health and Safety Code. Upon review, we find the system must withhold the information you marked under section 552.101 of the Government Code in

conjunction with section 181.006 of the Health and Safety Code.¹ The system must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
