ATTORNEY GENERAL OF TEXAS

Ms. Caitlyn Huddleston
City Secretary
City of Gainesville

Gainesville, Texas 76240

OR2017-18231

Dear Ms. Huddleston:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 670695.

The City of Gainesville (the "city") received a request for right-of-way and utility plans pertaining to a specified location.¹ The city claims the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 418.181 of the Government Code, which provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may generally be related to emergency preparedness does not make the information *per se* confidential under section 418.176. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provisions controls scope of its protection). As with any

¹The city sought and received clarification of the information requested. *See* Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); *see also City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (if governmental entity, acting in good faith, requests clarification of unclear or over-broad request, ten-day period to request attorney general ruling is measured from date request is clarified).

confidentiality statute, a governmental body asserting section 418.181 must adequately explain how the responsive information falls within the scope of the provisions. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The city asserts release of the submitted information will expose weaknesses and vulnerabilities of the city's water and sewer utility locations to an act of terrorism. Upon review, we find the city's water and sewer utilities consist of critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). We also determine the submitted information identifies particular vulnerabilities of these utilities to an act of terrorism. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
