Counsel for the City of Keene
Brown & Hofmeister, L.L.P.

OR2017-21533

Dear Mr. Ritter:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 676422 (City ID No. 7-3-2017-(7)).

The City of Keene (the "city"), which you represent, received a request for inspections of specified water tanks during a specified time period. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 of the Government Code provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181; *see also id.* § 421.001 (defining critical infrastructure to include "all public

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

or private assets, systems, and functions vital to the security, governance, public health and safety, and functions vital to the state or the nation”). The fact that information may relate to a governmental body’s security concerns or emergency management activities does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert the submitted information is related to the city’s water system and therefore pertains to critical infrastructure for purposes of section 418.181 of the Government Code. *See generally id.* § 421.001(2) (defining “critical infrastructure” to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation”). You contend release of the submitted information would reveal particular vulnerabilities of the city’s water system, thus compromising the safety and security of this system. Based on your representations and our review of the information at issue, we find that you have demonstrated the applicability of section 418.181 to the submitted information. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code on the basis of section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
