City of Plano

OR2017-23411

Dear Ms. Dada-Olley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 680792 (ORR# 17-085).

The City of Plano (the "city") received a request for all information pertaining to a specified dog bite incident. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information made confidential by other statutes, such as section 826.0211 of the Health and Safety Code, which provides in part:

- (a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). We note section 826.0211 is applicable only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. You state the information you have highlighted is part of a rabies vaccination certificate. However, upon review, we find you have failed to demonstrate the information at issue consists of information contained in one or more vaccination certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifiable information of an owner of a vaccinated animal. Therefore, the submitted information may not be withheld under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. As the city raises no other exceptions to disclosure, it must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
