

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

October 17, 2017

Mr. Sam Elsass
Legal Assistant
Texas Department of Public Safety
P.O. Box 4087
Austin, Texas 78773-0001

OR2017-23786

Dear Mr. Elsass:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 680344 (PIR# 17-5666).

The Texas Department of Public Safety (the "department") received a request for a specified bid tabulation. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. You also state you notified ACO Remodeling & Construction, Inc.; Concord Commercial Services, Inc.; and Super Siding and Remodeling of the request for information and of their rights to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the submitted arguments and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The department represents the information at issue pertains to a competitive bidding situation. You state the release of the submitted information would harm the department's purchasing interests and weaken the department's bargaining position as it deliberates options and negotiates the best value now and in the future. You argue if the information at issue is released, competing vendors would know the

prices offered by an entity selling these goods or services to the department, which could artificially inflate prices and prevent the department from getting best value. After review of the information at issue and consideration of the arguments, we find the department has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a).

You also ask this office to issue a previous determination permitting the department to withhold bid tabulations pursuant to section 552.104 of the Government Code without seeking a ruling from this office. *See* Gov't Code § 552.301(a) (allowing governmental body to withhold information subject to previous determination); Open Records Decision No. 673 (2001) (listing elements of second type of previous determination under section 552.301(a) of the Government Code). We decline to issue such a previous determination at this time. Accordingly, this letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Emily Kunst
Assistant Attorney General
Open Records Division
