Office of General Counsel
Texas Department of Public Safety

OR2017-25662

Dear Ms. Freeland:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 683414 (PIR# 17-6230).

The Texas Department of Public Safety (the "department") received a request for the bid tabulation pertaining to a specified request for proposals. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. You also state release of the submitted information may implicate the proprietary interests of Bullchase, Inc.; GSD Operations Inc.; MMS A Medical Supply Company; NAO Global Health LLC; and Utech Products, Inc. Accordingly, you state, and provide documentation showing, you notified the third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the submitted arguments and reviewed the submitted information.

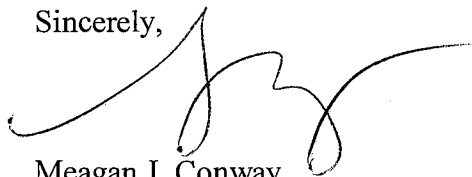

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The department represents the submitted

information pertains to a competitive bidding situation. The department also asserts release of the submitted information would “harm [the department’s] purchasing interests and weaken the [d]epartment’s bargaining position as it deliberates options and negotiates best value now and in the future” because it would allow competing vendors to know the prices offered, which it contends “could artificially inflate prices and prevent the [department from getting best value[.]” Upon review, we find the department has established the release of the submitted information would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a) of the Government Code.

The department also asks this office to issue a previous determination that would permit it to withhold bid tabulations under section 552.104 of the Government Code without requesting a ruling from this office. Open Records Decision No. 673 (2001). We decline to issue such a previous determination at this time. Accordingly, this letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General’s Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Meagan J. Conway
