Texas Department of Public Safety  
P.O. Box 4087

Dear Ms. Freeland:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 686530 (PIR# 17-6824).

The Texas Department of Public Safety (the "department") received a request for the bid tabulation pertaining to a specified solicitation. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. You also indicate release of the submitted information may implicate the interests of ACS Avionics, LLC ("ACS") and RSG Aviation ("RSG"). Accordingly, you notified these third parties of the request for information and of their rights to submit arguments stating why their information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); Open Records Decision No. 542 (1990) (determining statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in certain circumstances). We have received comments from ACS and RSG. We have considered the submitted arguments and reviewed the submitted information.

Initially, we note RSG argues against disclosure of information not submitted to this office for review. This ruling does not address information beyond what the department has submitted to us for our review. *See* Gov't Code § 552.301(e)(1)(D) (governmental body requesting decision from attorney general must submit a copy of specific information requested). Accordingly, this ruling is limited to the information the department submitted as responsive to the request for information.

Section 552.104(a) of the Government Code excepts from disclosure “information that, if released, would give advantage to a competitor or bidder.” *Id.* § 552.104(a). The “test under section 552.104 is whether knowing another bidder’s [or competitor’s information] would be an advantage, not whether it would be a decisive advantage.” *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). You represent the submitted information pertains to a competitive bidding situation. You assert release of the information at issue would “harm [the department’s] purchasing interests and weaken the [d]epartment’s bargaining position as it deliberates options and negotiates best value now and in the future” because it would allow competing vendors to know the prices offered, which you contend “could artificially inflate prices and prevent the [d]epartment from getting best value[.]” After review of the information at issue and consideration of the arguments, we find the department has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a) of the Government Code.<sup>1</sup>

You ask this office to issue a previous determination permitting the department to withhold bid tabulations under section 552.104 of the Government Code without the necessity of requesting a decision under section 552.301 of the Government Code. *See* Gov't Code § 552.301(a) (allowing a governmental body to withhold information subject to previous determination); Open Records Decision No. 673 (2001) (listing elements of second type of previous determination under section 552.301(a) of the Government Code). We decline to issue such a previous determination at this time. Accordingly, this letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
