ATTORNEY GENERAL OF TEXAS

Ms. Sarah Parker  
Associate General Counsel  
Texas Department of Transportation  
125 East 11<sup>th</sup> Street  
Austin, Texas 78701-2483

OR2017-26599

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 687045.

The Texas Department of Transportation (the "department") received a request for all documents related to a specified highway crossing, yield/stop sign installation, and road. You state you are releasing some of the information. You state the department will withhold information pursuant to our decision in Open Records Letter No. 2015-26837 (2015). *See* Open Records Decision No. 673 (2001) (so long as law, facts, and circumstances on which prior ruling was based have not changed, first type of previous determination exists where requested information is precisely same information as was addressed in prior attorney general ruling, ruling is addressed to same governmental body, and ruling concludes information is or is not excepted from disclosure). You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code and privileged under section 409 of title 23 of the United States Code. We have considered your arguments and reviewed the submitted representative sample of information.<sup>1</sup>

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Initially, we note some of the submitted information is subject to section 552.022 of the Government Code. Section 552.022(a) provides, in relevant part:

(a) [T]he following categories of information are public information and not excepted from required disclosure unless made confidential under this chapter or other law:

...

(3) information in an account, voucher, or contract relating to the receipt or expenditure of public or other funds by a governmental body[.]

Gov't Code § 552.022(a)(3). The submitted information contains information in an account, voucher, or contract relating to the receipt or expenditure of public or other funds by the department subject to subsection 552.022(a)(3), which must be released unless these documents are made confidential under the Act or other law. *See id.* Although you seek to withhold the information at issue under section 552.111 of the Government Code, section 552.111 is a discretionary exception to disclosure and does not make information confidential under the Act. *See Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 470 at 7 (1987) (statutory predecessor to section 552.111 subject to waiver).* Therefore, the department may not withhold the information subject to 552.022(a)(3) under section 552.111. However, you also contend the information at issue is excepted from disclosure under section 409 of title 23 of the United States Code. We note section 409 is "other law" that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state's Public Disclosure Act). Accordingly, we will consider your argument under section 409 for the information at issue. Further, we will consider your argument under section 552.111 for the remaining information not subject to section 552.022.

You contend the information subject to section 552.022(a)(3) of the Government Code is excepted from disclosure under section 409 of title 23 of the United States Code. Section 409 provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or

admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce*, 537 U.S. at 129.

You state the information subject to section 552.022(a)(3) of the Government Code was created for highway safety purposes. You state the information at issue was compiled for the purpose of railroad crossing safety enhancements and construction within the meaning section 409 of title 23. You further state the information at issue is intraagency documentation identifying, evaluating, or planning safety enhancements of a railway-highway crossing on a public roadway pursuant to section 130 of title 23. Based upon your representations and our review, we conclude the department may withhold the information we indicated pursuant to section 409 of title 23 of the United States Code.

Section 552.111 of the Government Code excepts from disclosure “[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]” Gov’t Code § 552.111. Section 552.111 encompasses information that is protected by civil discovery privileges. *See Open Records Decision Nos. 647 at 3 (1996), 251 at 2-4 (1980)*. You claim the remaining information is excepted from disclosure under section 552.111 because it would be privileged from discovery under section 409 of title 23 of the United States Code. Upon review, we find section 409 of title 23 of the United States Code would protect the information at issue from discovery in civil litigation. Therefore, based on your representations and our review, we conclude the department may withhold the remaining information under section 552.111 of the Government Code.

In summary, the department may withhold the information subject to section 552.022(a)(3) of the Government Code, which we indicated, pursuant to section 409 of title 23 of the United States Code and the remaining information in Exhibit B under section 552.111 of the Government Code.

Finally, you request that this office issue a “previous determination” that would permit the department in the future to withhold from disclosure railway-highway crossing files without the need of requesting a ruling from us about whether such information can be withheld from disclosure. We decline to issue such a previous determination at this time. Accordingly, this letter ruling is limited to the particular information at issue in this request and limited to the

facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
