ATTORNEY GENERAL OF TEXAS

November 21, 2017

Mr. David Wheelus  
Public Information Officer  
Texas Department of Insurance  
P.O. Box 149104  
Austin, Texas 78714-9104

OR2017-26661

Dear Mr. Wheelus:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 685147 (Ref. No. 187911).

The Texas Department of Insurance (the "department") received a request for a specified rate filing. You state you are releasing some information to the requestor. Although you take no position as to whether the submitted information is excepted under the Act, you state release of the submitted information may implicate the proprietary interests of Arch Insurance Company ("Arch"). Accordingly, you state, and provide documentation showing, you notified Arch of the request for information and of its right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Arch. We have considered the submitted arguments and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). A private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Id.* at 841. Arch states it has competitors. In addition, Arch states release of the

information at issue would give its competitors a competitive advantage by revealing its business views. After review of the information at issue and consideration of the arguments, we find Arch has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a) of the Government Code.<sup>1</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
