ATTORNEY GENERAL OF TEXAS

November 27, 2017

Mr. Adam Aldrete  
Legal Counsel  
CPS Energy  
P.O. Box 1771  
San Antonio, Texas 78296

OR2017-26844

Dear Mr. Aldrete:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 685796.

The City Public Service Board of San Antonio ("CPS Energy") received a request for all information pertaining to a specified request for proposals. Although you take no position as to whether the submitted information is excepted under the Act, you state release of this information may implicate the proprietary interests of Capital Precast, Inc. ("Capital"). Accordingly, you state, and provide documentation showing, you notified Capital of the request for information and of its right to submit arguments to this office as to why the information at issue should not be released. *See Gov't Code § 552.305(d); see also Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances).* We have reviewed the submitted information.

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See Gov't Code § 552.305(d)(2)(B).* As of the date of this letter, we have not received comments from Capital explaining why the submitted information should not be released. Therefore, we have no basis to conclude Capital has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6

(1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, CPS Energy may not withhold any portion of the submitted information related to Capital on the basis of any proprietary interest it may have in the information. As you raise no exceptions to disclosure, CPS Energy must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at [http://www.texasattorneygeneral.gov/open/orl\\_ruling\\_info.shtml](http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml), or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

Ashley Crutchfield
