

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

December 5, 2017

Ms. Leann M. Quinn
City Secretary
City of Cedar Park
450 Cypress Creek Road
Cedar Park, Texas 78613

OR2017-27532

Dear Ms. Quinn:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 689358 (ORR# 18-025).

The City of Cedar Park (the "city") received a request for information pertaining to a specified collision. The city states it will release some of the requested information, but claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by other statutes. The submitted information consists of body worn camera recordings of a city police officer. Body worn cameras are subject to chapter 1701 of the Occupations Code. Section 1701.661(a) of the Occupations Code reads as follow:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;

- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). We note the requestor provided the information required by section 1701.661(a) of the Occupations Code for release of the body worn camera recordings at issue. The recording at issue reflects it was required to be made by law or the policies of the city's police department and relate to a law enforcement purpose. *See id.* § 1701.661(h). Further, the city has failed to demonstrate the recording could not be used as evidence in a criminal prosecution. *See id.* § 1701.661(d) (information "that is or could be used as evidence in a criminal prosecution is subject to the requirements of [the Act.]"). We also have no indication the body worn camera recordings document an incident that involves the use of deadly force by an officer or relates to an administrative or criminal investigation of an officer. *See id.* § 1701.660(a). We note the body worn camera recording was not made in a private space for the purposes of section 1701.661(f). *See id.* § 1701.661(f); *see also id.* 1701.651(3) (defining "private space" for purposes of section 1701.661(f)). However, section 1701.661(f) provides,

A law enforcement agency may not release any portion . . . of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person's authorized representative.

Id. § 1701.661(f). The city informs us it has not received written authorization for release from the subject of the recording. The city states the body worn camera recordings at issue involve an investigation of conduct that constitutes a misdemeanor punishable by fine only and did not result in arrest. Based on this representation, we conclude the submitted recordings are confidential under section 1701.661(f) of the Occupations Code and the city must withhold them under section 552.101 of the Government Code on that ground.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
