Ms. Jena R. Abel
Assistant General Counsel
Texas Board of Nursing
333 Guadalupe Street, Suite 3-460
Austin, Texas 78701

OR2017-28859

Dear Ms. Abel:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 689107.

The Texas Board of Nursing (the "board") received a request for information pertaining to a named licensee and a specified investigation. You state you have released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Code § 552.101. This exception encompasses information other statutes make confidential, such as section 301.466 of the Occupations Code, which provides:

(a) A complaint and investigation concerning a nurse under this subchapter and all information and material compiled by the board in connection with the complaint and investigation, and the information described by Subsection (d) are:

- (1) confidential and not subject to disclosure under [the Act]; and
- (2) not subject to disclosure, discovery, subpoena, or other means of legal compulsion for release to anyone other than the board or a board employee or agent involved in license holder discipline.

(b) Notwithstanding Subsection (a), information regarding a complaint and an investigation may be disclosed to:

- (1) a person involved with the board in a disciplinary action against the nurse;
- (2) a nursing licensing or disciplinary board in another jurisdiction;
- (3) a peer assistance program approved by the board under Chapter 467, Health and Safety Code;
- (4) a law enforcement agency; or
- (5) a person engaged in bona fide research, if all information identifying a specific individual has been deleted.

(c) The filing of formal charges against a nurse by the board, the nature of those charges, disciplinary proceedings of the board, and final disciplinary actions, including warnings and reprimands, by the board are not confidential and are subject to disclosure in accordance with [the Act].

Occ. Code § 301.466(a)-(c). Section 301.466 only applies to information created or compiled by the board as part of an investigation by the board. You state, and the submitted documents reflect, the submitted information was created or compiled by the board as part of an investigation. However, we note a portion of the information you seek to withhold consists of the formal charge filed by the board against the nurse during its investigation. Subsection 301.466(c) provides this information is not confidential under subsection 301.466(a)(1). Consequently, the board may not withhold information pertaining to the formal charge filed by the board against the named nurse, which we have marked,

pursuant to section 301.466(a)(1). Based on your representations and our review, we agree the remaining information is confidential under section 301.466(a). Further, we find the requestor is not entitled to receive this information under section 301.466(b) and the information at issue does not fall under section 301.466(c). Accordingly, with the exception of the information subject to section 301.466(c), which we have marked, we conclude the board must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 301.466(a)(1) of the Occupations Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
