

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

December 21, 2017

Ms. LeAnn M. Quinn
City Secretary
City of Cedar Park
450 Cypress Creek Road
Cedar Park, Texas

OR2017-29058

Dear Ms. Quinn:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 695417 (Ref. No. 18-208).

The Cedar Park Police Department (the "department") received a request for all information related to a specified call slip. You state you have released some information to the requestor. You assert the submitted information was not properly requested under section 1701.661(a) of the Occupations Code. We have considered your arguments and reviewed the submitted information.

Initially, we note the submitted information includes a police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and

(3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b). We note the remaining information consists of camera recordings from a department vehicle. We find this information does not consist of a body worn camera recording. Therefore, the remaining information is not subject to section 1701.661 of the Occupations Code and the department may not withhold any portion of the remaining video recordings on that basis.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or a personal identification document issued by an agency of this state or another state or country is excepted from public release.¹ Gov’t Code § 552.130. Upon review, we find the submitted dashboard camera recording contains information subject to section 552.130. Accordingly, the department must withhold the discernible license plates in the submitted dashboard camera recording under section 552.130 of the Government Code.

In summary, as the body worn camera recordings at issue were not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The department must withhold the discernible license plates in the submitted dashboard camera recording under section 552.130 of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
