Ms. Lola Dada-Olley
Assistant City Attorney
City of Plano

OR2017-29214

Dear Ms. Dada-Olley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 689689 (City File No. 17-116).

The City of Plano (the "city") received a request for the back flow inspection reports pertaining to a specified address. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may relate to a governmental body's security measures does not make the information per se confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation of a statute's key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a claim under section 418.181 must be accompanied by an adequate explanation of how the responsive records fall within the scope of the claimed provision.

See Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert, and we agree, the city's water system is critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You explain backflow devices prevent the contamination of water by entry of contaminants into the city's water system. You state the submitted information identifies the physical locations of the backflow devices at issue, and if released, would reveal particular vulnerabilities of critical infrastructure. Based on your representations and our review, we find you have demonstrated the submitted information identifies the technical details of particular vulnerabilities of the city's water system to an act of terrorism. Thus, the submitted information must be withheld under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Jennifer Copeland
Assistant Attorney General
