Dear Ms. Freeland:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 692276 (ORR# 17-7883).

The Texas Department of Public Safety (the "department") received a request for the bid tabulation related to bid number 405-18-B003579. The department claims the submitted information is excepted from disclosure under section 552.104 of the Government Code. We have considered the exception the department claims and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The department represents the information at issue pertains to a competitive bidding situation. In addition, the department states release of the information would harm the department's purchasing interests and weaken its bargaining position as it deliberates options and negotiates best value now and in the future. Further, the department states, in the event that the submitted information is released, competing vendors would know the prices offered by an entity selling these goods or services to the department, which could artificially inflate prices and prevent the department from

getting the best value. After review of the information at issue and consideration of the arguments, we find the department has established the release of the information would give advantage to a competitor or bidder. Thus, we conclude the department may withhold the submitted information under section 552.104(a) of the Government Code.

The department also asks this office to issue a previous determination that would permit it to withhold information under section 552.104 of the Government Code without requesting a ruling from this office. Open Records Decision No. 673 (2001). We decline to issue such a previous determination at this time. Accordingly, this letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Claire V. Morris Sloan
