OR2019-01163

Dear Ms. Godden:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 746048 (Req. ID# PSJA-015).

The Pharr San-Juan Alamo Independent School District (the "district"), which you represent, received a request for information pertaining to the requestor's client and specified district policies and manuals. You state you will release some information upon payment of costs. You claim the submitted information is excepted from disclosure under section 552.103 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.103 of the Government Code provides in relevant part as follows:

- (a) Information is excepted from [required public disclosure] if it is information relating to litigation of a civil or criminal nature to which the state or a political subdivision is or may be a party or to which an officer or employee of the state or a political subdivision, as a consequence of the person's office or employment, is or may be a party.

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

...

(c) Information relating to litigation involving a governmental body or an officer or employee of a governmental body is excepted from disclosure under Subsection (a) only if the litigation is pending or reasonably anticipated on the date that the requestor applies to the officer for public information for access to or duplication of the information.

Gov't Code § 552.103(a), (c). The governmental body has the burden of providing relevant facts and documents to show the section 552.103(a) exception is applicable in a particular situation. The test for meeting this burden is a showing that (1) litigation is pending or reasonably anticipated on the date the governmental body received the request for information and (2) the information at issue is related to that litigation. *Univ. of Tex. Law Sch. v. Tex. Legal Found.*, 958 S.W.2d 479, 481 (Tex. App.—Austin 1997, orig. proceeding); *Heard v. Houston Post Co.*, 684 S.W.2d 210, 212 (Tex. App.—Houston [1st Dist.] 1984, writ ref'd n.r.e.); Open Records Decision No. 551 at 4 (1990). The governmental body must meet both prongs of this test for information to be excepted from disclosure under section 552.103(a).

For purposes of section 552.103, “litigation” includes contested cases conducted in a quasi-judicial forum. Open Records Decision Nos. 588 at 2 (1991), 474 at 6 (1987) (disciplinary action before Texas State Board of Pharmacy), 368 at 2 (1983) (administrative hearing before Commissioner of Insurance), 301 at 1-2 (1982). Likewise, “contested cases” conducted under the Texas Administrative Procedure Act, chapter 2001 of the Government Code, constitute “litigation” for purposes of section 552.103. *See, e.g.*, ORD 588 at 7 (State Board of Insurance proceeding), 301 at 2 (hearing before Public Utilities Commission). Factors this office considers in determining whether an administrative proceeding is conducted in a quasi-judicial forum include whether the administrative proceeding provides for discovery, evidence to be heard, factual questions to be resolved, the making of a record, and whether the proceeding is an adjudicative forum of first jurisdiction with appellate review of the resulting decision without a re-adjudication of fact questions. *See* ORD 588 at 3-4.

The district states, and provides documentation showing, the requestor’s client filed a grievance with the district concurrent with the request for information. The district informs us grievances filed with the district are “litigation” in that the district follows administrative procedures in handling such disputes. The district explains its grievance process is a multi-level hearing process wherein various administrators and the district’s board of trustees hear the grievance. The district further informs us these administrative proceedings are recorded, the grievant is allowed to be represented by counsel, and the grievant may present evidence during the proceedings. Additionally, the district informs us the grievant must complete its grievance process before the grievant can appeal to either the Texas Commissioner on Education or a court of competent jurisdiction. Based on these representations, we find the district has demonstrated its administrative procedures for grievances are conducted in a quasi-judicial forum and, thus, constitute litigation for

purposes of section 552.103. Therefore, we agree litigation was pending when the district received the request. We also find the district has established the submitted information is related to the pending litigation for purposes of section 552.103(a). Therefore, the district may withhold the submitted information under section 552.103(a).

However, once the information has been obtained by all parties to the pending litigation, no section 552.103(a) interest exists with respect to that information. Open Records Decision No. 349 at 2 (1982). We also note the applicability of section 552.103(a) ends when the litigation has concluded. Attorney General Opinion MW-575 at 2 (1982); Open Records Decision Nos. 350 at 3 (1982), 349 at 2.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
