ATTORNEY GENERAL OF TEXAS

January 23, 2019

Ms. Carolyn Matthis  
Assistant City Attorney  
City of Irving  
825 West Irving Boulevard  
Irving, Texas 75060

OR2019-01937

Dear Ms. Matthis:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 747513.

The City of Irving (the "city") received a request for the location of water, sewer, and storm drains within a specified area.<sup>1</sup> You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may relate to a governmental body's security measures does not make the information per se confidential under the HSA. *See*

---

<sup>1</sup>The city sought and received clarification of the information requested. *See* Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (if governmental entity, acting in good faith, requests clarification of unclear or over-broad request, ten-day period to request attorney general ruling is measured from date request is clarified).

Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation of a statute's key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a claim under section 418.181 must be accompanied by an adequate explanation of how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert, and we agree, the city's water, storm-water, and sewer line infrastructure (the "water system") is critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You state the submitted information contains details of and depicts the layout of the city's water system. Further, you state the submitted information contains the location of "major utilities services" and if released, the submitted information would reveal details of particular vulnerabilities of the city's water system. You explain such information could be used by terrorists and place the city, its citizens, and neighboring citizens in danger. Based on your representations and our review, we find you have demonstrated the submitted information identifies the technical details of particular vulnerabilities of the city's water system to an act of terrorism. Thus, the submitted information must be withheld under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Jennifer Copeland
